The Arizona Landscape Contractors' Association (ALCA) was started in 1963. The membership is made up of both installation and maintenance contractors and the suppliers with whom they do business. The organization has many functions, but one of its primary responsibilities is education. With that in mind, ALCA established a scholarship fund. Awards are distributed to applicants based on merit and course of study. Should you have any questions about ALCA scholarships, please call the office at (602) 626-7091.
